[EDISS Connect](#)- This is applicable for the following:

All lines of business

- All States Professional and Institutional Claims and ERA

### 835 ERA Note

Please note if you are a provider that bills with a single NPI for Both Part A and B services and opt to have 835 ERA files delivered to Availity L.L.C. Noridian's EDISS Connect system will only allow you to link your NPI to

one receiver ID for 835 ERAs. This means that all payments for both Part A and B that are received back from Noridian will be under Either all Part A or all Part B and not separated. This only impacts providers that use a single NPI to bill both Part A and B claim types.

The EDISS Connect web page also contains a User Guide for Provider. Please take control of your profile with Noridian. All providers who wish to submit claims or receive ERA via Availity L.L.C. will need to link Availity's submitter/vendor ID listed below.
